 DESIGNER ACOUSTIC PANELS

- **UNIQUE AND ORIGINAL DESIGN**
- **CERTIFIED ACOUSTIC QUALITY**
- **CERTIFIED FIRE RESISTANCE**
- **6 COLOUR VARIANTS AND MATERIAL COMBINATIONS**

We're always looking for something exceptional for you – that's why we are pleased to present our designer acoustic panels to move your interior to a completely new level. **Elegant and very precisely crafted detail to highlight every interior and bring something extra. Its acoustic properties make it a superb fit in rooms that require peace and privacy.** Its fire resistance properties will ensure safety in the event of a fire.

The 600 × 2780 × 20 mm ALEGRO acoustic panel is an ideal decorative and practical solution for designer wall lining. The panel is composed of single-sided veneered non-toxic MDF laths with a black core. Installing it is a very simple and fast process.

Thanks to the 6 stained colour shades, you can harmonise the panels with your furniture to achieve a uniform interior look.
